

## Horizontal Cable Manager with Cover

**Avalon** Horizontal Cable Managers with cover are capable of managing cables on the front and rear of any standard EIA 19" rack or cabinet. These cable organizers feature a removable top cover that makes it easy to add or remove bundled cables quickly. The duct also offers a series of fingers on either side, as well as pass-through holes at the back to help you route your cables where you need them, and reduce cable strain in the process.

### Features

- Maintains cable bend radii
- Curved fingers separates and organizes cables for simple moves, adds, and changes
- Cables pass through holes and provides ease of installation and cable maintenance
- Provides durability and easy installation
- Hinged front cover opens 180° up or down to allow hands-free access to cable

### Specifications

- Meets 19" Rack mounted EIA310-D standards
- Metal :Steel construction finish

### Applications

- The panels can be used in 19" cabinets for multimedia applications with all copper and fiber optic cables.
