

## 10 Way PDU UK Type 16A with 3 Mtr IEC60309 Power Cord

**Avalon** Power Distribution Units (PDU's) are used for controlling electrical power in the Data Centers. It is a 10 way UK Type PDU which is of 10A and has 3 mtr power cord of IEC60309 plug.

IEC60309 plug (16A 2P+E)

### Specifications

- Socket Type: BS1363 (90 degree) Outlet Module
- UK Type
- Socket Quantity: 10
- Input Cable : 3 Meter
- Surge Protection : No
- Rating Current : 16 Amp
- Rating voltage : 250 VAC 50/60Hz
- CE Approved : Yes
- Max. Power : 4000W
- Length : 788 mm
- Height : 44.4 mm (1U)
- Depth : 62 mm
- Colour : Black
- RoHS Compliant : Yes

### Additional

- Socket assemble – No
- Interior Connection Wire - 1.5 mm<sup>2</sup> (16AWG)
- Interior Connection Style - Standard Connection
- Fix the Cable - Small Cable Clamp
